CBCN in action

CBCN attends Canada Talks Pharma 2016: A New Way Forward in Clinical Trials conference in Montreal

On May 25 and 26, CBCN attended the Canada Talks Pharma 2016: A New Way Forward in Clinical Trials conference to learn about innovative ideas and new technologies in clinical research; discuss research, policies, and international regulations for clinical trials; and discuss how clinical trials can be harnessed towards improving health outcomes for patients. CBCN was pleased to participate in key discussions around increasing patient access to clinical trials in Canada and will continue to advance opportunities for improved access and quality of clinical trials in Canada.

Living Beyond Breast Cancer Conference: Individual Treatments, Shared Experiences

This conference takes place September 23 to 25 in Philadelphia, Pennsylvania and brings you the latest in breast cancer news, treatments and wellness. There are sessions for specific types of breast cancer, including triple-negative, hormone receptor-positive, HER2-positive, and metastatic breast cancer. There are also sessions on popular topics such as nutrition, survivorship, reconstruction, caregiving, and more! Attending the conference is a great way not only to get the latest information, but also to connect with others and build a community of support. Visit lbbc.org/2016conference to register for the conference, apply for a travel grant or fee waiver, and learn more about the speakers and conference sessions.

New Brunswick breast cancer retreats

The New Brunswick Breast Cancer Network is hosting two upcoming retreats. One will take place in Edmundston on June 18 at a location yet to be announced. A second retreat will

take place near Saint John on November 4 to 6 at Villa Madonna, 115 Villa Madonna Road, Rothesay. For more information, visit www.nbbcn.org/retreats.html.

Survey on cancer survivorship research

You are invited to participate in a survey to provide your ideas and thoughts on cancer survivorship in Canada. Your views will help develop a research strategy for cancer survivorship in Canada. You can access the survey through the following link: fluidsurveys.com/surveys/ccra/final-survivorship-survivors-1/. The survey will take approximately 20 to 30 minutes to complete and will be open until June 14.

The Canadian Cancer Research Alliance, under the leadership of the Canadian Partnership Against Cancer, the Alberta Cancer Foundation, and other CCRA members, is sponsoring this research.

If you have any questions or problems accessing the survey, please contact Diana Soifer at diana.soifer@partnershipagainstcancer.ca or 416-915-9222, ext. 5819.

Featured video

This month's Featured Video discusses whether soy foods can increase your risk of breast cancer. Watch the video at www.aicr.org/enews/2016/05-may/enews-soy-and-cancer-risk.html.
